About Water Ways Technologies

Water Ways Technologies Inc., through its subsidiaries, is a global provider of Israeli-based agriculture technology, providing water irrigation solutions to agricultural producers. Water Ways Technologies competes in the worldwide irrigation water systems market, focusing on developing solutions with commercial applications in the micro and precision irrigation segments of the overall market. At present, Water Ways Technologies' primary revenue stream is derived from the following business units: (i) Projects Business Unit; and (ii) Component and Equipment Sales Unit. Water Ways Technologies is capitalizing on the opportunities presented by micro and intelligent irrigation. The Company also produces a positive mark on society by making these technologies more widely available, particularly in developing markets such as Africa and Latin America and developed markets such as China and Canada. Water Ways Technologies irrigation projects include vineyards, cotton fields, apple and orange orchards, blueberries, medical Cannabis, fresh produce cooling rooms and more.
