

## **WATER WAYS SIGNS A CAD\$1.3 MILLION IRRIGATION PROJECT IN CENTRAL ASIA**

***NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR DISSEMINATION IN THE UNITED STATES***

January 19, 2021 – Toronto, Ontario – Water Ways Technologies Inc. (TSXV: WWT) ("**WWT**" or the "**Company**"), is pleased to announce the signing, effective January 13, 2021, of a large scale irrigation project in Uzbekistan. The value of the project (aggregate revenue to the Company) is CAD \$1,300,000. The project servicing a field of several crops including: 250 hectare of carrots, potatoes and corn and a 40 hectare almond grove, will be irrigated using the Company's drip irrigation technology. Operation of the system will start in the next season with agronomic and technical assistance from WWT, to help the local farm in utilizing the new system and implementing agro-technical practices to improve the yield and output of the farm. Water Ways expects to recognize revenue from the project within the first 6 months of 2021.

Carrot field irrigation

Ohad Haber the Company's Chairman and CEO commented: *"I am extremely pleased with the signing of the contract. This is the second large scale irrigation projects we are implementing in Uzbekistan. In 2019 and 2020 we completed a large cotton irrigation project and we were chosen to lead this project as a result of the reputation we gained by completing the cotton project."*

## ***About Water Ways Technologies***

Water Ways Technologies Inc., through its subsidiaries, is a global provider of Israeli-based agriculture technology, providing water irrigation solutions to agricultural producers. Water Ways Technologies competes in the global irrigation water systems market with a focus on developing solutions with commercial applications in the micro and precision irrigation segments of the overall market. At present, Water Ways Technologies' main revenue streams are derived from the following business units: (i) Projects Business Unit; and (ii) Component and Equipment Sales Unit. Water Ways Technologies is capitalizing on the opportunities presented by micro and smart irrigation, while also making a positive mark on society by making these technologies more widely available, especially in developing markets such as Africa and Latin America and developed markets such as China and Canada. Water Ways Technologies irrigation projects include vineyards, Cotton fields, Apple and Orange orchards, Blueberries, Medical Cannabis, fresh produce cooling rooms and more, in over 15 countries.
