

## **WATER WAYS RECEIVES NEW ORDERS FOR ITS MEDICAL CANNABIS IOT SMART IRRIGATION AND FERTILIZATION SYSTEM**

***NOT FOR DISTRIBUTION TO U.S. NEWSWIRE SERVICES OR DISSEMINATION IN THE UNITED STATES***

November 11, 2021 – Toronto, Ontario – Water Ways Technologies Inc. (TSXV: WWT) (FRA: WWT) ("**Water Ways**" or the "**Company**"), a global provider of Israeli-based agriculture technology, providing water irrigation solutions to agricultural producers is pleased to announce that it received three new orders for its Medical Cannabis Internet of Things ("**IOT**") Water & Control systems.

Two orders from existing customers consisting of:

1. an irrigation and computerized control systems for a quarantine structure designed to validate the importation of new cannabis genetics. The irrigation and computerized control system in the structure is designed to achieve uniform growth and optimal growing conditions, so that the final product would meet the threshold conditions of laboratory tests and could be used to establish a new genetic bank for the existing medical cannabis cultivation facility; and
2. A computerized controlled irrigation and fertigation system for a Research and Development room in the medical cannabis cultivation facility for hybrids of new varieties.

The third order is an order from a new client, a medical cannabis licensed producer in Israel, for its cannabis cultivation facility of 6000 Square meters (approximately 65,000 Square feet) from an Israeli medical cannabis licensed producer. The system is an IOT controlled Water & Fertilization Control system. Water Ways believes its IOT system is designed for the specific needs of Cannabis growers and cultivators worldwide.

The Company expects to deliver and install the systems by the end of Q1 2022.

Ohad Haber, Chairman and Chief Executive Officer, commented, "*The orders for our know-how are on the rise. The Israeli market for medical Cannabis cultivation is string to adopt our solution as an industry standard.*"

Medical Cannabis IOT

### ***About Water Ways Technologies***

Water Ways Technologies Inc., through its subsidiaries, is a global provider of Israeli-based agriculture technology, providing water irrigation solutions to agricultural producers. Water Ways Technologies competes in the global irrigation water systems market with a focus on developing solutions with commercial applications in the micro and precision irrigation segments of the overall market. At present, Water Ways Technologies' main revenue streams are derived from the following business units: (i) Projects Business Unit; and (ii) Component and Equipment Sales Unit. Water Ways Technologies is capitalizing on the opportunities presented by micro and smart irrigation, while also making a positive mark on society by making these technologies more widely available, especially in developing markets such as Africa and Latin America and developed markets such as China and Canada. Water Ways Technologies irrigation projects include vineyards, Cotton fields, Apple and Orange orchards, Blueberries, Medical Cannabis, fresh produce cooling rooms and more, in over 15 countries.
